

FEBRUARY 2010 NEWS LETTER

Greetings friends once again,

Thanks a lot for your support, we are glad to inform you that God is protecting us and the children at the orphanage, James, Lilian and Asher live together with these children at the orphanage in Mpigi.

James, Lilian and Asher

As you already know in our previous letter, we had a child headed family in one of the villages in eastern Uganda, this family is led by Teddy, so far we haven't yet got anyone to give support to these children, not even one person, but we believe God for his provision for this family as we are praying for Gods provision to them, one day one of the boys was nearly dying, had it not been for the old woman called Imugaati who was passing by the family and got him terribly sick, she very fast made medicine out of the local herb and cured him, thanks be to God he enabled her do that, our question remains, *what about tomorrow? Are the herbs effective?*, As you pray daily in your house, please do not forget to pray for these children.

Today we want to have a look at what happens at the orphanage.

This February, we were able to continue with the necklace project, we embarked on this exercise to help raise money for medication of the orphans at the orphanage, these necklace are made out of soft paper mixed with small beads, the brightly coloured necklace is fit for women of all colours, the children have learnt to design new bungles that match with the necklace and the dress one is putting on.
